

**V. RATER'S COMMENTS** FACTS AND SPECIFIC ACHIEVEMENTS: AIC Hensley is a highly skilled and outstanding airman. He consistently completes each task well ahead of time, with minimum supervision and a high degree of quality. While assigned to the tool crib, he rebuilt the composite tool kit shadow board. The new configuration enabled this shop, of 55 maintenance personnel, to have easy access to a large variety of tools. He is directly responsible for over 400 bench stock items worth over \$363,000. This requires him to research part numbers and federal stock numbers to fill deficiencies making possible timely repairs of damaged Harvest Bare assets. Although this is a difficult and tedious task, his diligence and perseverance enabled him to accomplish this posthaste. STRENGTHS: AIC Hensley's high sense of mission accomplishment and dedication to every facet of his duties make him an excellent example of a professional Air Force member. He is well liked and his ideas on work procedures are readily accepted by his peers and superiors alike. His military bearing and behavior are always above reproach. He always exceeds the standards of AFR 35-10 and presents an outstanding military image. OTHER COMMENTS: AIC Hensley is well versed in all aspects of his work center and readily accepts additional duties that benefit the mission of the 4449th Mobility Support Squadron. AIC Hensley would truly benefit by enrolling in secondary education programs available through the Community College of the Air Force. He is intelligent and learns new ideas and concepts quickly. Recommend his promotion to the next highest grade.

<b>NAME, GRADE, BRANCH OF SERVICE, ORGANIZATION, COMMAND AND LOCATION</b> BARRY L. REYNOLDS, SSgt, USAF 4449th Mobility Support Squadron (TAC) Holloman AFB, New Mexico	<b>DUTY TITLE</b> Airframe Repair Specialist	<b>DATE</b> 24 Jan 86

**VI. 1ST INDORSER'S COMMENTS**  CONCUR  NONCONCUR  
AIC Hensley's knowledge and can-do attitude have vastly enhanced this unit's mission. During a recent Management Effectiveness Inspection his section had zero defects. The tool crib was not the only area affected by AIC Hensley's hard work. He also aided other individuals in preparing their areas for this inspection, which resulted in their areas achieving high ratings. AIC Hensley's dedication is to be commended. I strongly urge his promotion to senior airman.

**VIII. 3D INDORSER'S COMMENTS**  CONCUR  NONCONCUR  
AIC Hensley's ability to accept responsibility demonstrates he is ready to fulfill the role of a senior airman. His participation in the Holloman Open House as a member of the Expandable Personnel Shelter Demonstration Team greatly enhanced public relations between Holloman AFB and the civilian community. Promote now!
