

Aegis Research Corporation®

We enable information advantage™

May 9, 2001

Mr. Darren Hensley
P. O. Box 7029
Whiteman AFB, MO 65305

Dear Darren,

On behalf of the Chief, SAF/AAZ (Operations Support Group), I would like to congratulate you on your certification as an *Information Systems Security Officer*. Enclosed please find your ISSO certificate along with instructions on the ISSO re-certification process.

It is the practice of SAF/AAZ (OSG) to re-certify an ISSO every three years. As an ISSO, you are a key element in your organizations overall IS security posture. Current training will help you in your effort to protect information systems against a broad spectrum of threats.

Each certified ISSO is responsible for completing re-certification training forms, obtaining approval from his or her PSO, CPSO or similar security manager, ISSAC, or SASEC representative and submitting a re-certification request to the address below. Re-certification requests should be submitted six months before the end of your three-year ISSO certification period. The effective date of your certification is indicated on bottom of your certificate. Please review the enclosed materiel pertaining to the ISSO re-certification process.

Good luck and success in your IS security duties. Please do not hesitate to contact me with any questions or for more information.

Sincerely,

JD Hall, CISSP
Director, DSSG Training Center
