MEMORANDUM FOR SSgt Darren L. Hensley, BBMS

FROM 49 MG/SGPZ

SUBJECT: Letter of Appreciation

1. I would like to take this opportunity to thank you for the excellent computer troubleshooting you performed for me at the cycle Ergometry center in March, 1994. You unselfishly gave of your time and talent to locate and diagnose the software problem and restore it to a functioning level.
2. It is dedication such as yours that keeps our population on the cutting edge of preventive medicine! The cycle Ergometry center would not be functioning nearly as efficiently without your time and talent. Thank you for sharing your expertise in this area.
